Dear Chairman,

I received a letter after March 16, in regard to my candidacy for State Representative for District 20 seat A.

- I agree with the Platform of the Republican party.

I would like to share my concerns in regard to the conduct and current state of the Idaho Republican Party.

First of all, I have attended meetings at the state and county levels, observing the way the party, I respect and love conducts itself. I would ask that the Party hold itself to the standard they are expecting of its candidates. Second, I understand that the Republican party holds state conventions and creates by-laws and standards for candidates and elected affiliates for the offices in the state of Idaho. The letter that was sent to me as a candidate states such. However, the content and presentation of content sent to potential candidates lends itself to a coercion.

I do not take running for office lightly. I see the opportunity to run as candidate for state official a honor and my goal is to be a public servant.

Lastly, I would like it to be known that I spoke with Chairman Labrador at a Christmas event, I shared I was running for State Representative, and was told the party will NOT be supporting me as a candidate because I am not a "incumbent", Your opponent is my good friend. I appreciate the candidness of the statement. I understand why this standard is needed to support incubents. However, sending a letter to someone who is a Candidate and a Republican, that will not be supported by the party anyway, is a sad statement for our party.

I am a Republican regardless of how the IDGOP chooses to see it. I will stand for all of the values and integrity I always have lived by in my life as citizen of American.

Thank you for your time. Please take this letter to heart. I am not a professional lifelong politician. I am a humble public servant wanting to do my part for the State of Idaho and my legislative district.

Sincerely,
Dawn Maglish
