

To Whom It Concerns at Idaho GOP:

In response to the letter sent on March 16, 2020, I agree to the second statement provided. I have read the Idaho Constitution and the Idaho Republican Party Platform and support both, with the following exception:

Article XVII, Section 6 of the Republican Party platform discusses the US military involvement in UN operations.

Based on my research and study, the UN is an extreme threat to the state sovereignty of Idaho and the national sovereignty of the United States. I do not support the involvement in any way of the military of Idaho or the USA in UN operations. It is my firm belief and hope that the US should immediately withdraw participation and membership in the UN and cut ties of all types with it.

Thank you,
