

I am honored and humbled to be affiliated with the Republican party of Idaho. I have read over the requested materials and have formed a short response below:

Idaho Republican Party Integrity in Affiliation response letter Provisions:

- Article I Section 3c repealing the 17th amendment (still forming an opinion-takes time for thoughtful consideration!)
- Article I Section 4 Sound Currency (I believe in sound currency but at this time it is not realistic)
- Article I Section 5F (more research and possible solutions would be necessary to determine the best method for redistricting)
- Article IX Private Property rights (Some regulation may be necessary to protect surrounding neighbors such as an empty lot in a neighborhood should not become an industrial plant.)
- Article XVI section 1G (Fully automatic weapons should not be in civilian possession.)

Thank you,

Wendy Webb
